

# DISCOVER YOUR BANGLE SIZE

## TECHNIQUE 1: WITHOUT YOUR EXISTING BANGLE

Take a piece of paper or string that is non-elastic.

### STEP:2

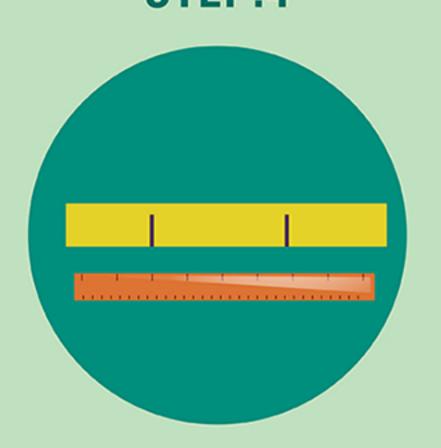

Wrap the paper/string around the widest part of your palm. It should not fit too tightly or be too loose.

#### STEP:3

Mark the paper/string from where it starts and ends to wrap your palm fully.

#### STEP:4

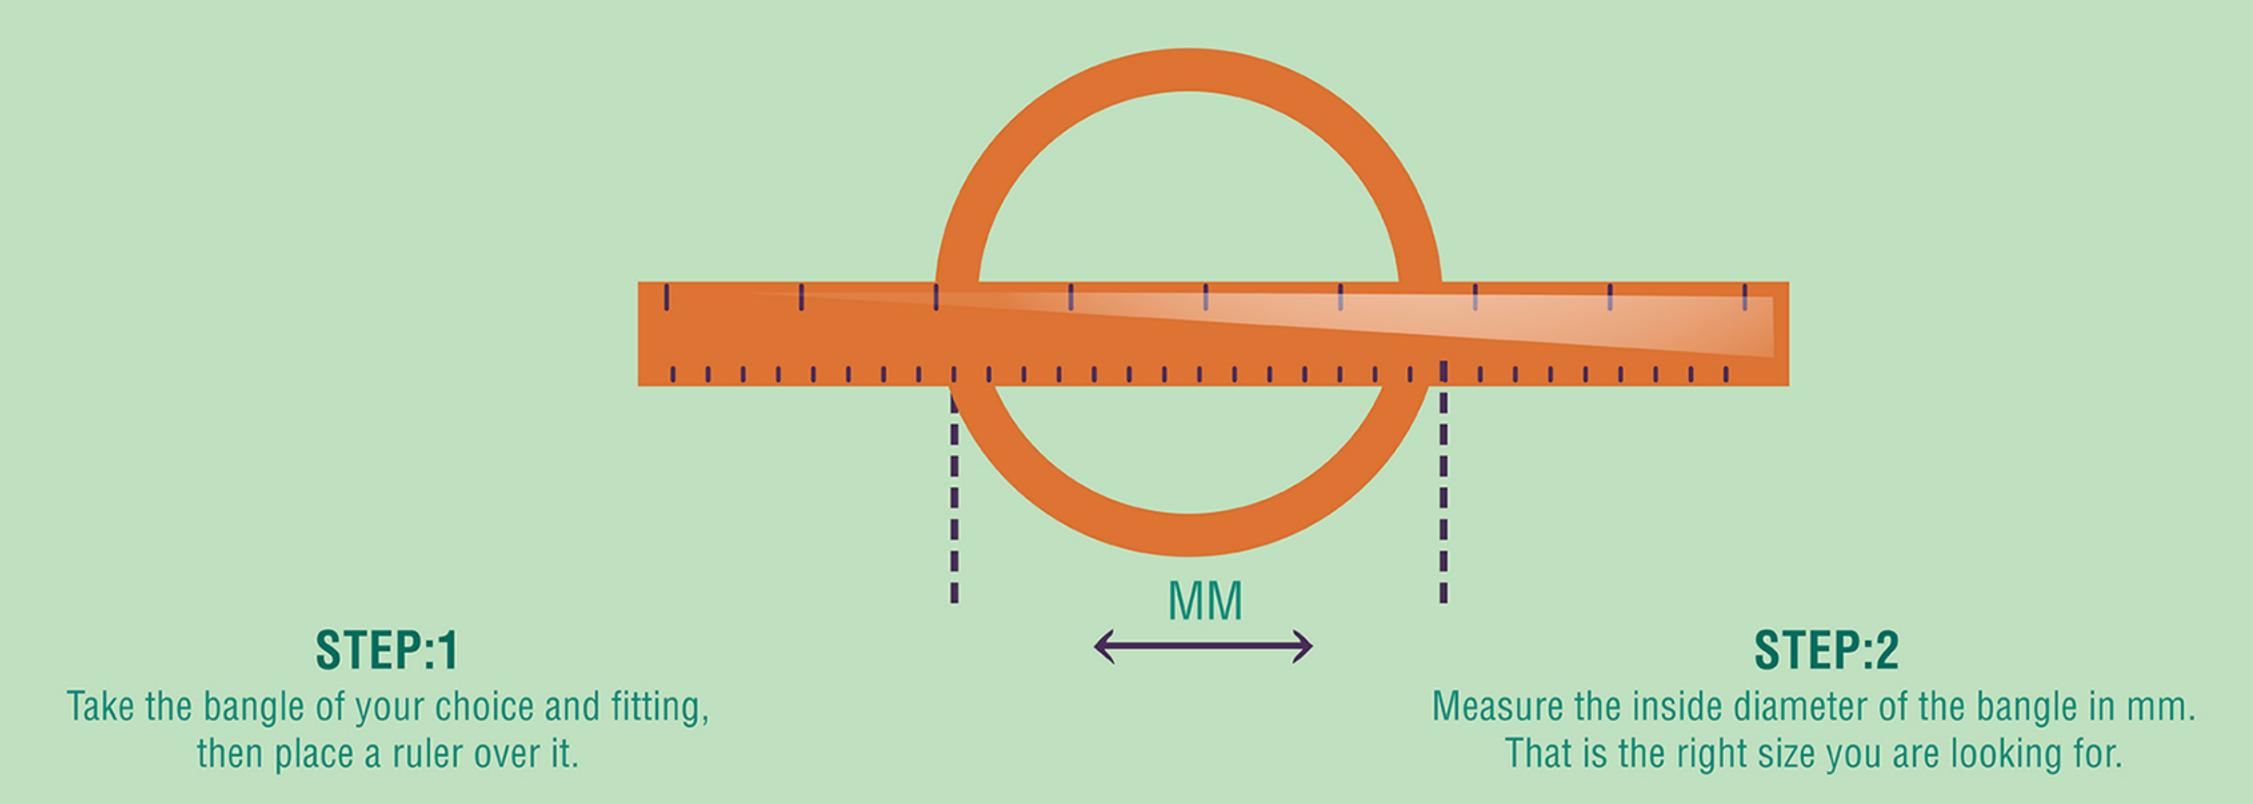

Measure the distance of the two marks with a ruler. That is the size of the bangle you want.

USE THE CHART TO DETERMINE YOUR BANGLE SIZE.
